

## DATASHEET

### GripFactory Marking Tape Premium

GripFactory Marking Tape Premium is an effective and durable aisle marking system. It is the modern warehouse line marking alternative to resin and paint helping forward thinking companies achieve 5S floor marking status. GripFactory Marking Tape Premium is also suitable for Social Distancing. GripFactory Marking Tape Premium is available in widths of 50, 75 or 100 mm on rolls of 30 meters. Other formats like (custom) shapes, numbers, letters, arrows and disks are available on request. GripFactory Marking Tape Premium is available from stock and available in various colors (black, blue, green, red, red/white, black/white, black/yellow, yellow, fluorescent yellow and white).

#### How does it work?

GripFactory Marking Tape Premium is very easy to apply yourself. Clean the surface and simply peel back the liner and stick it down. Afterwards apply pressure to the marking.

#### Benefits

With GripFactory Marking Tape Premium you are assured of a long-term marking solution in your warehouse, factory, hospital, store, restaurant or hotel.

- No detailed preparation is required;
- No fumes or solvents are emitted;
- No disturbance as the work area can be used while the marking tape is being applied, even in food preparation facilities;
- No curing time - you have the marking you want instantly;
- If scratched it does not effect the plain colours;
- Due to its extreme strength it will not snap if removed, enabling easy marking changes.

#### Areas of application

- Stairs / Intermediate platforms
- Shopping Malls / Stores
- Restaurants / Hotels
- Hospitals / Care Homes
- Train / Subway Stations
- Schools / Universities
- Warehouses
- Public Buildings
- Factories
- Amusement Parcs

#### Suitable for the following surfaces

- Acrylic
- Concrete
- Epoxy
- Ceramic Tiles
- Marble & Granite
- Polyester
- Tear plate
- Glass

## Technical data

Subject	Result	Test Method
Plastic composition	PVC	N/A
Plastic thickness	1 mm	N/A
Peel adhesion, N/25mm	42,2	180° FINAT FTM1
Tensile strength, N/25mm	>200	Lloyd 500N load cell
Adhesive thickness	0,2 mm	N/A
Total thickness	1,3 mm	N/A
Initial tack (cm)	<8	PSTC-6
180° Adhesion (kg/25.4mm)	>1,8	ASTM-D1000
Holding Power (hrs/kg/25.4mm <sup>2</sup> )	>48	PSTC-7
Temperature range	-30°C to +70°C	See notes below

The independent test laboratory at Adhesive Technical Services Ltd performed the temperature test, England.

## Colors

Color	Pantone / RAL Reference	Color	Pantone / RAL Reference
Black	Pantone Black 6 RAL 9004	Blue	Pantone 281U RAL 5012
Yellow	Pantone 108U RAL 1018	Black / White	Pantone Black 6 & 7541 RAL 9004 & 9003
Black / Yellow	Pantone Black 6 & 1235 RAL 9004 & 1021	Fluorescent Yellow	Pantone 803U RAL 1016
Green	Pantone Green U RAL 6018	White	Pantone 7541 RAL 9003
Red	Pantone 199U RAL 3018	Red / White	Pantone 485 & 7541 RAL 3001 & 9003
Orange	Pantone 021U RAL 2009		

## Friction Category

Subject	Coefficient of Friction category	Test Method
GripFactory Marking Tape Premium	R10	DIN51130

The above tests were conducted in accordance with Pendulum, the tests were conducted at a recognised independent friction testing laboratory.

## GRIPFACTORY APPLICATION SERVICE

Are you unable to solve it or do you have questions? Then contact the GripFactory Service Desk (+31 348-203000). For an additional cost you can have GripFactory Marking Tape Premium applied by a certified applicator.
