

DATASHEET

GripFactory PolyGrip Stair Treads

GripFactory PolyGrip Stair Treads are made of polyester reinforced with fiberglass fibers (GRP) with an aluminum grain. By using these high-quality materials GripFactory PolyGrip Stair Treads are not only very strong and resilient, but also very light and easy to process. GripFactory PolyGrip Stair Treads are available in all RAL colors (standard Black, Gray and Yellow), four different grain sizes and can also be ordered completely to size. GripFactory PolyGrip Stair Treads are a durable solution for dangerous, smooth stairs. You get a whopping 15 year warranty! Samples are available on request.

GripFactory PolyGrip Stair Treads are suitable for many applications. GripFactory PolyGrip Stair Treads are virtually indestructible, completely splinter and crack free, and weather resistant. This is how GripFactory PolyGrip Stair Treads prove their service every winter by making staircases safer. Even more because ice and snow do not adhere to this material.

How does it work?

GripFactory PolyGrip Stair Treads are made to measure in the desired color. After this, the GripFactory specialist will assemble the stair treads if required. Dust-free and without major renovation. Your staircase is safe to walk on for years.

Characteristics

- Impact-resistant long durability
- Effective in wet and oily conditions
- Easy to assemble reduces installation costs
- Non-conductive eliminates electrical and thermal hazards
- Suitable for pedestrians, forklift and other heavy traffic
- Maintenance-free will not rust or corrode
- 65% lighter than steel easier to handle and cheaper to install
- Available from 2 mm thickness
- Available in any BS or RAL color
- Available to size
- Available in the grains: barefoot, fine, medium or offshore
- **UV** resistant
- Chemically resistant

Areas of application

GripFactory PolyGrip Stair Treads are suitable for use in the following situations:

- Concrete stairs
- Wooden stairs
- Steel (fire) stairs
- Offshore and underground applications
- Work platforms
- and much more...

GripFactory B.V. Industrieweg 4 H 3442 AE Woerden The Netherlands

Suitable for the surfaces below

- Concrete
- Wood
- Steel Grids
- Stairs

Technical data

Subject	Result
Thermal expansion 0 x 10 [^] (-6) graden C	
Flexibility	193 MPa
Tension	123 MPa
Thermal conduction	0.2 w/m2K
Tensile modulus	7.1GPa

Colors

Grey (RAL 7001), black and yellow (08 E 51) are the standard colors. GripFactory PolyGrip Stair Treads can also be manufactured in other colors (on request).

- B.S. 4800 colors
- B.S. 5252 colors
- RAL colors

Grain / coarseness

- Ultra fine (barefoot)
- Fine
- Medium
- Offshore

Fire resistance

GripFactory PolyGrip Stair Treads can be supplied in various fire resistance grains:

- BS 476 Part 7 Class 1
- BS 476 Part 7 Class 2

Weight

Nominal thickness	kg / m²
3.5 mm	6.80
4 mm	7.80
5 mm	9.70
6 mm	10.80
7 mm	11.90
8 mm	13.20
9 mm	14.40
10 mm	15.36

Pendulum Test Results

Reference	Grain	Roughness Rz Temperature (C)	Tomporature (C)	Orienta-	Test Value	
Reference	Grain		tion	tion	Dry	Wet
F66326 Medium 54.5	24	Along	90	83		
		Jenseits	98	85		
F66324 Fine 64.7	2.4	Along	103	87		
	04./	64.7 24	Jenseits	100	88	

Potential for slip	Pendulum Test Value
High	<24
Moderate	25-35
Low	>36

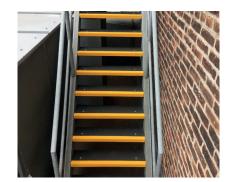

Advantages of PolyGrip

- Flexural strength can be enhanced by the addition of woven reinforcement if required.
- Unlike other "Plastic" glazing products GRP will not drip, melt or soften in the event of fire.
- Compared with many other plastics GRP has minimal expansion and contraction characteristics and will not bow and warp in extremes of temperature.
- PolyGrip is up to seven times stronger than mild steel on a weight for weight basis.

GripFactory PolyGrip Stair Treads are among the most versatile anti-slip solutions available on the market and comply with the strictest international standards in terms of safety and durability.

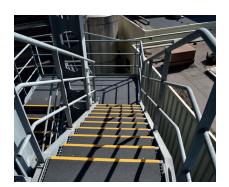

GRIPFACTORY APPLICATION SERVICE

Are you unable to find a solution or do you have questions? Then contact the GripFactory Service Desk (+31 348 203000). For an additional cost you can have GripFactory PolyGrip products applied by a certified applicator.
